Work Earnings may be Deductible Income. See Return To Work Provisions and Deductible Income.

Own Occupation means any employment, business, trade, profession, calling or vocation that involves Material Duties of the same general character as the occupation you are regularly performing for your Employer when Disability begins. In determining your Own Occupation, we are not limited to looking at the way you perform your job for your Employer, but we may also look at the way the occupation is generally performed in the national economy. If your Own Occupation involves the rendering of professional services and you are required to have a professional or occupational license in order to work, your Own Occupation is as broad as the scope of your license.

Material Duties means the essential tasks, functions and operations, and the skills, abilities, knowledge, training and experience, generally required by employers from those engaged in a particular occupation that cannot be reasonably modified or omitted. In no event will we consider working an average of more than 40 hours per week to be a Material Duty.

B. Any Occupation Definition Of Disability

During the Any Occupation Period you are required to be Disabled from all occupations.

You are Disabled from all occupations if, as a result of Physical Disease, Injury, Pregnancy or Mental Disorder, you are unable to perform with reasonable continuity the Material Duties of Any Occupation.
