

University of New England Online Student Verification

University of New England students enrolled in online or hybrid courses must access the campus learning management system (Brightspace) through our Single Sign-On system Okta by using their Nor'Easter ID provided at time of enrollment. Electronic course work must be submitted only through the LMS or through the University of New England (student@une.edu) Office365 email system. Additional methods of authentication that may be used at the University's discretion are proctored examination systems, third party publisher platforms (McGraw Hill Connect, Pearson MyLab, etc.), and the use of personally identifiable information to verify identity (e.g. student ID, date of birth, address, etc).
