ABOUT THE UNIVERSITY OF NEW ENGLAND

The University of New England is Maine's largest private university, with two beautiful coastal campuses in Maine, a one-of-a-kind study-abroad campus in Tangier, Morocco, and an array of flexible online offerings. In an uncommonly welcoming and supportive community, we offer hands-on learning, empowering students to make a positive impact in a world full of challenges. We are the state's top provider of health professionals and home to Maine's only medical and dental colleges, a variety of other interprofessionally aligned health care programs, and nationally recognized programs in the marine sciences, the natural and social sciences, business, the humanities, and the arts. Visit www.une.edu.

COLLEGE OF PROFESSIONAL STUDIES

The College of Professional Studies (CPS) brings together all online programs at the University of New England in order to educate and support future leaders and foster meaningful career development. With a student-centered approach and innovative instructional design techniques, CPS supports UNE's overall mission to enhance, expand, and enrich student learning opportunities. CPS strives to advance the fields we serve by strengthening relationships between scholars and professionals in the fields of applied nutrition, education, health informatics, public health, social work, and the health sciences.
